# AMENITY METAL

Unlike other metal furniture constructed of welded hollow metal tubing, the Amenity Metal series features solid aluminum frame components and an eight-gauge steel seat pan for durability and strength. Clean, Durable, Flexible. The Amenity Metal series offers all of the necessary requirements of intensive traffic areas. Also unlike other metal furniture, the Amenity Metal's unique patented ganging device makes ganged units easily reconfigurable at any time. The options of wood or polyurethane arm caps are available. The metal series offers guest and multiple seating, patient seating and bariatric seating complemented by the standard Amenity wood series.

The Amenity Metal series offers the following specific features and benefits required by healthcare spaces.

- Heavy duty steel seat pans for added stability
  - Built-in clean-out spaces
  - Lifetime warranty
- Field replaceable seats and backs for easy maintenance
- Ultra-flex spring webbed seat decks for improved comfort and support
  - Adjustable glides for uneven floors
- Solid aluminum frame components for strength and durability
  - Easy access for maintenance
  - Waterfall edges for improved circulation
  - Optional wood or polyurethane arm caps
- Seat and arm heights designed for easy ingress and egress
  - CAL 117 certified/CAL TB 133 certification available
- Durable pre-catalyzed lacquer protects finished wood arm caps
- **FiniGUARD** antimicrobial wood finishes standard on wood arm caps
  - Moisture barriers available
  - Antimicrobial/Antibacterial barriers available
- Coordinating arm details for easier specification
